FIELDHAVEN'S "SEPTEMBER PROJECT" NEEDS YOU!

Over 60 cats and kittens from a single hoarding case are now at FieldHaven's shelter after being rescued this past week.

The animals were surrendered to FieldHaven where they will be cared for until they are ready for adoption. Many of the cats are sick requiring extensive veterinary care. Several will require surgery to address their medical challenges. None of them had been vaccinated, spayed or neutered, or received the veterinary care they so desperately need.

An emergency shelter has been setup at FieldHaven. FieldHaven's staff and volunteers have been working non-stop since the situation came to our attention late last week. As of today we have all of the animals in our care.

We are appealing for urgent help with funds, supplies, foster homes and eventually families to call their own.

"This is a huge stretch for our small organization to take on a project of this magnitude but we have faith that the community and our supporters will help us in the effort to save these animals and find them forever homes. The majority of the cats and kittens are very friendly, loving and beautiful; they will make wonderful pets", said Joy Smith, President of FieldHaven Feline Center. "A number of them will require eye surgery to repair or remove diseased eyes but we are confident that all of the cats will be well and ready in plenty of time to be in loving, adoptive homes by the holiday season."

Please call 916-434-6022, email info@fieldhaven.com or go to www.fieldhaven.com to find ways you can help with the September Project.
