Adopt a Barn Cat

Environmentally Safe Solution to your Mouse, Mole, and Barn Vermin Problems

*If you would like to adopt a barn cat or two,
Call Today! (916) 434-6022*

No Adoption Fee

ADOPTERS WANTED - Do you have a safe barn, shed or other outdoor housing that could provide shelter and a second chance for a feral cat? These cats don't deserve to die in a municipal shelter just because they don't make suitable indoor companions. Barn cats are spayed/neutered and vaccinated and ready to be imprinted at your location. All they need is a little food, water, shelter and the ability to live the life they were intended to live - to play, to hunt and most important to be free!

FieldHaven Feline Center
