

Qualified Kitty/Kitten Warmers for the Disney Give a Day get a Disney Day Program (requirement: 20 per person)

These Warmers are used when transporting Kittens or when extra heat is needed in an emergency situation. They are easily warmed, used, washed and re-used. Simple to make using either Clean recycled mildly used tight woven cotton/polyester shirts or new pre-washed fabric filled with rice that can be heated in the microwave and placed with the cat or kittens as needed. For the health of our animals these are washed and sterilized after ever use so they have a very limited life.

Materials needed:

1. Material as listed above, enough to make a minimum of 20 Warmers.
2. Rice (Do NOT use an Instant Rice as it will break down too rapidly in the multiple washings and does not have the same heating ability)
3. Sewing Machine

Directions:

1. Wash material in HOT water and machine dry the fabric before cutting (if necessary Iron).
2. Lay out the fabric, fold in half and cut so that you will have a finished size of approximately 12" by 5" (roughly 12X11).
3. Fold the piece in half inside out and double stitch roughly a ¼ inch seam down the end and side, leaving the other end open to fill with the rice.
4. Fill the bag with enough white rice (do not use an instant rice as it breaks down much more rapidly!) to fill the pack to a thickness of about 1 inch to 1-½ inches thick when laying it down on a flat surface to measure.
5. Turn the un-sewn end in on itself and double topstitch the opening shut with about a ¼ inch seam. Make sure the corners overlap to insure the rice will not leak with repetitive washings.

To qualify and meet your service requirement for the Disney Give a Day Get a Disney Day program you will need to make a MINIMUM of Twenty (20) warmers per person ages 6 and up.
