

FieldHaven Feline Rescue

proudly presents the *Second Annual*

Classics, Cats and Cabernet

Saturday - September 11, 2010
Sponsorship Package

Taking advantage of the very best that Lincoln has to offer, we have designed a delightful afternoon of gourmet foods prepared by local culinary artists paired with the best local wines.

Stroll through a beautiful horse farm and enjoy the incredible display of stunning classic cars and antique wooden boats that can only be described as works of art. Other works of art will be on display at our silent auction.

Benefiting Lincoln's own FieldHaven Feline Rescue's Shelter Campaign, this annual event will proudly showcase the best of our community.

Since 2003, the incredible volunteers of FieldHaven have worked tirelessly to provide critical care, food and shelter to cats and kittens in need and awaiting adoption.

Please join us as we present classic beauties - in wood, metal and fur!

About FieldHaven Feline Rescue

Our mission at FieldHaven Feline Rescue is to educate the community on responsible ownership and to provide a safe haven for cats in the transition to new lives and homes. FieldHaven, a private, non-profit organization, is continually challenged to develop new, and creatively expand existing programs to better serve our community. Here is a sampling of some of the services and programs we offer:

- Provide education to the community on responsible pet ownership
- Rescue and protect abandoned and unwanted cats at our shelter, through our Foster Home Program and re-home through our Adoption Program
- Provide medical care to rescued cat and kittens
- Implement an effective community Spay and Neuter Assistance Program (SNAP) to reduce the number of unwanted litters
- Assist community members with Trap-Neuter-Release (TNR) and the management of feral colonies

Most importantly, all proceeds from the Second Annual Classics, Cats and Cabernets benefit will go toward the replacement of our current shelter. The current structure does not meet the basic requirements of a shelter for many reasons, and most critically, a shelter occupancy permit will not be granted until the structure is replaced. FieldHaven has engaged the assistance of Kate Hurley, DVM, Director of the world renowned Koret Shelter Medicine Program at UC Davis to design a shelter to meet our needs as economically as possible and, quite possibly, will be a model for similar shelters to emulate.

With the leadership of its co-founder, a committed and hard-working board, FieldHaven Feline Rescue has grown from a committed group of volunteers with a love of cats, to an organization that takes seriously its responsibility in caring for the animals in a rapidly growing and changing community.
